CREATIVE SECONDARY SCHOOL

Teacher of MYP Science

Are you passionate about Science? Do you have a deep understanding of the MYP Integrated Science and are you enthusiastic about ensuring student success through inquiry and curiosity? We are looking for a dynamic and dedicated MYP Science Teacher to join our school. Familiarity with HKDSE/IBDP Biology is an added advantage.

Key Responsibilities:

- Teach MYP Integrated Science: Deliver high-quality and dynamic lessons aligned with MYP and the HK Junior Science curriculum.
- Guide students to achieve success in all four MYP Criteria.
- Develop scientifically minded students through inquiry based learning.
- Ensure students are well-prepared for the diploma programmes when they enter Senior School.
- Engage and collaborate with the Science Faculty teachers for continuous enhancement of our practices and processes.
- Collaborate with the wider school community for the smooth implementation of school initiatives, expectations and activities.
